

ELIGIBILITY - UEMS EBSQ NECK ENDOCRINE SURGERY

This document is a very important part of the application for eligibility. It must show the candidate's and tutor's name and the tutor's signature.

KNOWLEDGE

Organ	Subject	Competence level 1-4 (see below)
Thyroid	Pathophysiology	
	Benign diseases	
	Malignant diseases	
	Surgical approaches & complications	
Parathyroid	Pathophysiology	
	Benign diseases	
	Malignant diseases	
	Surgical approaches & complications	
	Diseases	
	Surgical approaches & complications	

Competence level

1. knows of
2. knows basic concepts
3. knows generally
4. knows specifically and broadly

Applicant's name _____ Tutor's name _____

Place/Date _____ Tutor's signature _____

An Entrustable Professional Activity (EPA) is a critical part of professional work that can be identified as a unit to be entrusted to a trainee once sufficient competence has been reached. The key factor is Entrustment. The trainee is not only capable of tackling the particular procedures or units independently but he can be trusted to do this by his tutor(s). The units listed include the competencies that surround these procedures that are further explained in the Syllabus. The 5 levels of competence are shown below and further explained in the Curriculum.

CLINICAL SKILLS

Organ	Subject	Competence level 1-5 (see below)
Thyroid	Investigation & diagnosis	
	Indications for surgery	
	Preoperative management	
	Postoperative management & complications	
Parathyroid	Investigation & diagnosis	
	Indications for surgery	
	Preoperative management	
	Postoperative management & complications	
	Indications for surgery	
	Preoperative management	
	Postoperative management & complications	

Competence level

1. Has observed.
2. Can do with assistance.
3. Can do whole but may need assistance.
4. Competent to do without assistance, including complications, but may need advice or help.
5. Can be trusted to carry out the procedure, independently, without assistance or need for advice (EPA).

Applicant's name _____ Tutor's name _____

Place/Date _____ Tutor's signature _____

TECHNICAL SKILLS

Organ	Procedure	Competence level 1-5 (see below)
Thyroid	Thyroid resection	
	Thyroid lobectomy	
	(Sub)total Thyroidectomy	
	Thyroid re-operations	
	Surgery due to thyroid cancer	
	Lymph node dissection central/lateral	
Parathyroid	Unilateral/bilateral parathyroidectomy	
	Subtotal/total parathyroidectomy	
	Parathyroid autotransplantation	
	Parathyroid re-operations	

Competence level

1. Has observed.
2. Can do with assistance.
3. Can do whole but may need assistance.
4. Competent to do without assistance, including complications, but may need advice or help.
5. Can be trusted to carry out the procedure, independently, without assistance or need for advice (EPA).
