To the Division of Transplantation Surgery Board

I enthusiastically accept the invitation to apply for the position of Executive Board Member, in light of my years of commitment to supporting the Board, in final exams, as a tutor in preparatory courses, and in organizing experimental activities for international students affiliates with UEMS.

I would like to use my international and teaching experiences to further grow the Board by attracting new young specialists with preparatory and practical courses, also thanks to the opportunities I have at the University of Bari with Veterinarian Department and Experimental Surgery, which already I collaborate, in particular with European, US and Argentinian universities, as evidenced by my brief CV.

I thank you in advance for considering my proposal.

Sincerely

Prof. Francesco D'Amico MD PhD FEBS

HPB and Liver Transplant Unit

Department of Precision and Regenerative Medicine and Jonian area (DiMePre-J)

Bari University " Aldo Moro "
